## CRUISER RURIK SUNK

VICE ADMIRAL KAMIMURA DEFEATS RUSSIAN VLADIVOSTOK SQUADRON.

### OTHER CRUISERS DAMAGED

THE ROSSIA AND GROMOBOI PUT TO FLIGHT AFTER A HARD FIGHT AT SEA.

### JAP VESSELS NOT CRIPPLED

VICTORY OF THE ISLANDERS' NAVY IS UNMARRED BY ANY LOSS TO THEM.

Tokio, Aug. 15.—Vice Admiral Kamimura encountered the Russian Vladivostok squadron at dawn Sunday north of Tsu islands in the strait of Korea and attacked the enemy at once. The battle lasted for five hours and resulted in a complete victory for the Japanese. The Russian cruiser Rurik was sunk and the cruisers Rossia and Gromoboi fled to the northward after having sustained serious damage. Vice Admiral Kamimura is the navy department that the injuries inflicted upon his vessels were slight.

The fate of the crew of the Rurik is not known. It is presumed that many of them were killed or drowned. The strength of the fleet under Vice Admiral Kamimura is not known, but it is presumed that he had the Adsuma, Idsumo, Iwato, Takashibo and other light cruisers.

Tokio is joyous over the news, as it gives Japan mastery of the sea and restores commerce.

#### JAP NAVAL CASUALTIES.

Sixty-four Killed and Over One Hundred Wounded in Naval Battle.

Tokio, Aug. 15.—The following are the casualties sustained by the Japanese in the action of Aug. 10, with the Russian Port Arthur squadron:

On board the battleship Mikasa, Admiral Togo's flagship, there were 4 officers and 29 men killed; 6 officers and 29 men severely wounded and 4 officers and 29 men slightly wounded. While the armored cruiser Yakuma had 1 officer and 11 killed and 10 wounded; on board the armored cruiser Nishin, 7 officers and 9 men were killed and 2 officers and 15 men were wounded.

Ten men were wounded on the armored cruiser Kasuga.

The torpedo boat destroyer Asagiri had two men killed.

On board the torpedo boat No. 38, 1 man was killed and 8 others wounded. Thus the total death list is 64; and 113 were wounded.

### RUSSIAN FLAG DOWN

ONE BATTLESHIP AND THREE CRUISERS RETIRED FROM THE PRESENT WAR.

Tsingchou, Aug. 15.—The Russian flag has been pulled down from the battleship Czarevitch and the three cruisers which took refuge here. The lowering of the colors was done in the presence of the German governor.

These vessels will be disarmed and rendered useless for the rest of the war.

#### CAUSES NO SURPRISE IN CHINA.

Yellow Men Anticipated Escape of Warships to Tsingchou.

London, Aug. 15.—The Peking correspondent of the Times says that the escape of the Russian men-of-war to Tsingchou causes no surprise in the Chinese capital. It has long been believed, rightly or wrongly, he says, that a secret understanding existed between Russia and Germany providing for this contingency.

#### NAVAL CADETS NOTIFIED.

Those at Vladivostok Told to Be Ready to Fight.

Vladivostok, Aug. 15.—The commandant of the port has notified the pupils of the upper classes of the naval schools to hold themselves in readiness to assist either in the fortifications or on the vessels of the squadron. A portion of the lower classes may also be called out. All is quiet at present.

#### JAPANESE SAILORS MASSACRED.

Russians Said to Have Killed Eighty-seven of Them.

London, Aug. 15.—The Tokio correspondent of the Daily Telegraph, in a dispatch dated Aug. 14, says: "The Nemuro (Japan) Telegram states that Russian soldiers at Kamchatka massacred eighty-seven of the crew of the Japanese schooner Teichi."

Full line trunks and grips at D. M. Clark & Co.

#### JOY REIGNS IN TOKIO.

Islanders Rejoice Over Recent Naval Victories.

Tokio, Aug. 15.—Flags were flying, lanterns were glimmering and cries of "Banzai" were ringing in the streets of Tokio last night in honor of the victories gained at sea by Admiral Togo and Vice Admiral Kamimura. Underneath the jollity of the populace lies a feeling of deep satisfaction and gratification at the disposal of a desperately serious problem of the war. The Russian squadron which confronted Admiral Togo refused battle. It was stronger than Admiral Togo's squadron in battleships and armored cruisers and had it elected to fight, the result might have altered the fortunes of war. The strength of the squadron which was opposed to Togo compelled him to draw vessels from the squadron under Vice Admiral Kamimura and this left the Japanese navy powerless to operate against the Russian Vladivostok squadron and unable to prevent the raids of these vessels.

The raid conducted by the Vladivostok squadron in July was extremely expensive to the Japanese and not only was retarding the commercial interests.

The navy, however, grimly refused to make a diversion and stuck to Port Arthur. It was confident that the harbor soon would be untenable for the Russian warships and that it would eventually get a fair fight in the open sea away from the Russian land batteries and that the Japanese would win. The calculations of the navy were correct and the Russians, with the chances even, have been hopelessly defeated.

#### Kamimura Got His Chance.

Vice Admiral Kamimura, after months of weary and patient waiting, finally got his chance at dawn Sunday off Tsu islands.

He sank the Russian cruiser Rurik and sent the cruisers Gromoboi and Rossia fleeing back from the fight.

Japanese guns dominate the dockyards at Port Arthur and in view of these facts it would seem to be impossible again to make seaworthy or fightable the Russian battleships which have returned to Port Arthur. It is probable that the Russian battleship Czarevitch will disarm at Tsingchou.

The best possible naval force that Russia can now concentrate at Vladivostok is four cruisers.

In the fight of April 10 the squadron under Admiral Togo was practically uninjured. The battleship Mikasa suffered the most of any on the fighting line.

The cruisers Yakumo, Nishin and Kasuga also were hit, but temporary repairs already have been made and they are fully serviceable.

Eleven wounded officers and 66 wounded men arrived at Sasebo Sunday. The imperial prince, Hiroyasu Kwocho, who holds the rank of commander in the Japanese navy, was hit in the region of the heart. His wound, however, is slight.

### THE RUSSIAN STORY

CAPTAIN OF THE RYESHITELNI TELLS HOW HIS CRAFT WAS CAPTURED BY JAPS.

St. Petersburg, Aug. 15.—The emperor has received the following telegram from Captain Shetakovsky, commander of the Russian torpedo boat destroyer Ryeshitelni:

"On Aug. 11, I arrived at Chefoo from Port Arthur with the Ryeshitelni, bearing important dispatches, having effected a passage through two blockading lines. According to the orders of Rear Admiral Grigorovich, I disarmed the ship and lowered my flag. All formalities were duly carried out. On the early morning of the 12th I was in port when I was piratically attacked by the Japanese, who had approached with two torpedo boats, a cruiser, and who sent a party under an officer, as though to enter into our parlors.

"Not having arms to resist, I ordered the making of preparations to blow up my ship. When the Japanese began to hoist their flag, I insulted the Japanese officer by striking him and throwing him into the water. I then ordered my crew to throw the enemy into the sea. Our resistance, however, proved unavailing and the Japanese took possession of the boat.

"Explosions occurred in the engine room and in the fore part of the vessel, but the Ryeshitelni did not sink and was taken from port by the Japanese. I hope they will not be able to take her to one of their own ports.

"My officers and crew have been saved with the exception of an engineer and a stoker. Four others were slightly wounded."

#### RUSSIA DRAWS A PROTEST.

Formally Objects to Seizure of the Ryeshitelni.

St. Petersburg, Aug. 15.—Russia has drawn up a protest against the seizure of the torpedo boat destroyer Ryeshitelni by the Japanese, which will be presented to the Japanese government through France.

#### TWO VILLAGES DESTROYED.

Armenians Are Attacked by Turkish Troops and Kurds.

Constantinople, Aug. 15.—A band of Armenians has been attacked by Turkish troops in the village of Schimamlir, four days travel north of Bitlis, Asiatic Turkey. Kurds are alleged to have taken part in the attack. Two villages are reported to have been destroyed.

## FINAL ASSAULT BEGUN

BROWN BATTALIONS ENGAGED IN THE LAST EFFORT TO REDUCE PORT ARTHUR.

### FORTRESS MAY HAVE FALLEN

RUMORED AT ST. PETERSBURG THAT THE STRONGHOLD HAS BEEN CAPTURED.

Chefoo, Aug. 15.—A telegram received here just after noon on Monday from a reliable source states that a general attack on Port Arthur began at 4 o'clock this morning.

St. Petersburg, Aug. 15.—Aside from the official reports of the Ryeshitelni affair and the flood of belated telegrams from Liaoyang and Anshan-shan, no actual news from the front has been received.

There is a persistent rumor that Port Arthur has fallen, but it cannot be confirmed.

There is no additional news regarding the whereabouts of the vessels of the Port Arthur squadron save that contained in foreign telegrams.

There is a general belief, which is borne out by the latest dispatches, that the situation at Port Arthur is a desperate one. Apparently the Japanese are concentrating all their energies toward the reduction of the fortress in order to release heavy reinforcements for the operations against General Kuropatkin, and it is thought that until this has been accomplished the advance on Liaoyang will be suspended.

#### PERFECT CLOUD OF SHELLS.

Japs Concentrate a Terrific Fire Upon Port Arthur.

Liaoyang, Aug. 15.—The following further particulars of the Japanese attack on Port Arthur on July 26 are given by a Russian correspondent: "The Japanese on July 25 sent a summons to the fortress to surrender and served notice of their intention to storm."

"On the following morning at 6:30 they concentrated the fire of 120 guns on Green hills. Many of their shells were filled with melinite, which gave off noxious gases. Their land guns were supplemented by the fire of the fleet and the Japanese infantry moved forward to attack the right wing of the Green hills position.

"There was a perfect cloud of shells, and the bombardment was the heaviest so far during the siege. During the day the Japanese artillery sent in from 25,000 to 30,000 rounds.

"The attack failed utterly, despite the bombardments. The Japanese were never able to reach our positions, to which our men clung tenaciously. Finally the attackers were rolled back with terrific loss.

"The decision to abandon the Wolf hills position in view of the attack and that on other positions of the line was made on July 30 and the troops fell back on Port Arthur.

"The Novo Kral, in the interest of both sides, raised the question of an armistice to bury the dead who were left on the field in enormous numbers."

#### INTERESTING TO ENGLISHMEN.

Naval Battle Removed a Rival to British Cruisers.

London, Aug. 15.—Russia's latest naval disaster has a peculiar interest to Englishmen, as it was apprehension caused by the enormous power of the cruisers Rurik and Rossia, two of the vessels which composed the Vladivostok squadron, which led the British government to build the monster cruisers Terrible and Powerful. The naval battles are discussed here with the greatest interest. The latest details showing that the fighting between Vice Admiral Togo's fleet and the Port Arthur fleet began at a distance of about four miles are held to prove the necessity for the possession of big ironclads. The fleets appear never to have approached each other closer than a distance of 3,800 yards.

The Tokio correspondent of the Daily Telegraph sends a report that Port Arthur was again bottled up on the night of Aug. 11, but there is nothing from other sources to confirm this report.

According to the Daily Mail's Shanghai correspondent the Japanese consul claims the cruiser Askold as a prize.

The Chefoo correspondent of the Daily Mail, under date of Aug. 13, says:

"Three Russian torpedo boat destroyers left Tsingchou last night and returned there this morning, thus evading the twenty-four hour limit. Viceroy Yuan Shai Kai refuses to accept the resignation of Admiral Sah over the Ryeshitelni affair."

#### WILL RETURN RUSSIAN BOAT.

Japs Will Turn Over the Ryeshitelni to the Chinese.

London, Aug. 15.—The Chefoo correspondent of the Daily Telegraph, under date of Aug. 13, says:

"Admiral Sah states that the Japanese promised to return the Ryeshitelni today."

#### Alexieff Going to Vladivostok.

St. Petersburg, Aug. 15.—A dispatch from Harbin says that Viceroy Alexieff has passed through that place on his way to Vladivostok.

#### GRAND ARMY ENCAMPMENT.

Expected That the One at Boston Will Be the Largest in Years.

Boston, Aug. 15.—The national encampment of the G. A. R., with its several affiliated bodies, will open in this city today and is expected to be one of the largest in recent years.

The arrangements for the week were completed Sunday night. The city is extensively and handsomely decorated in honor of the occasion and the Boston Common and public gardens bear electrical illuminations of unusual brilliancy.

Commander-in-Chief Black, accompanied from Washington by members of his family, arrived at encampment headquarters at 4 p. m. Sunday and was given a rousing reception. In connection with the meeting of the Grand Army, there will be held the annual gatherings of the National Woman's Relief corps, the National Daughters of Veterans, the National Sons of Veterans, the National Ladies' Aid society, auxiliary to the Sons of Veterans; the National Ladies of the G. A. R.; the National Army Nurses' association; the National Association of Naval Veterans, and the National Association of Ex-Prisoners of War.

The meetings and reunions of these various organizations will continue until Saturday. The feature of the week will be the parade of Grand Army men on Tuesday, when it is expected that from 20,000 to 40,000 veterans will be in line.

#### JUDGE PARKER TAKES A REST.

Democratic Candidate Goes to a Clubhouse in the Catskills.

Winnissok Lodge, Ulster County, N. Y., Aug. 15.—Judge Alton B. Parker, the Democratic nominee for president, is spending the night at the Winnissok club, 2,700 feet above sea level, at the foot of Slide mountain, which is the highest point in the Catskills. Winnissok lodge is nine miles from the nearest telegraphic line and twelve miles from the nearest telephone and is reached by a steep mountain road.

The Winnissok club was organized about twenty years ago for purposes of hunting, fishing and social recreation and Judge Parker was its first president. The candidate is here for rest and no politics is connected with his visit. The people of the county gave him a rousing reception when he arrived.

### CONFERENCE IN SIGHT

PACKERS AND STRIKERS MAY GET TOGETHER IN EFFORT TO END TROUBLE.

Chicago, Aug. 15.—On the outcome of a conference which may be held today, the present chances of a settlement of the stockyards strike depends. The nature of this reported conference is very indefinite. It is asserted positively by some of the labor leaders that a conference with the packers will be held, but the packers will not affirm or deny that such is the case.

Saturday night it was reported that a proposition had been made to J. Ogden Armour just as he was leaving the city for Boston, and he suggested that it be submitted to the other packers. This, it is claimed, has been done by the labor leaders and the conference will be held Monday.

At a meeting of the market wagon drivers held Sunday it was decided to declare a boycott against such retail dealers as buy meat of the packers where men are now out.

There was very little rioting in the yards Sunday.

## FINAL ASSAULT BEGUN

BROWN BATTALIONS ENGAGED IN THE LAST EFFORT TO RE-DUCE PORT ARTHUR.

### FORTRESS MAY HAVE FALLEN

RUMORED AT ST. PETERSBURG THAT THE STRONGHOLD HAS BEEN CAPTURED.

Chefoo, Aug. 15.—A telegram received here just after noon on Monday from a reliable source states that a general attack on Port Arthur began at 4 o'clock this morning.

St. Petersburg, Aug. 15.—Aside from the official reports of the Ryeshitelni affair and the flood of belated telegrams from Liaoyang and Anshan, no actual news from the front has been received.

There is a persistent rumor that Port Arthur has fallen, but it cannot be confirmed.

There is no additional news regarding the whereabouts of the vessels of the Port Arthur squadron save that contained in foreign telegrams.

There is a general belief, which is borne out by the latest dispatches, that the situation at Port Arthur is a desperate one. Apparently the Japanese are concentrating all their energies toward the reduction of the fortress in order to release heavy reinforcements for the operations against General Kuropatkin, and it is thought that until this has been accomplished the advance on Liaoyang will be suspended.

#### PERFECT CLOUD OF SHELLS.

Japs Concentrate a Terrific Fire Upon Port Arthur.

Liaoyang, Aug. 15.—The following further particulars of the Japanese attack on Port Arthur on July 26 are given by a Russian correspondent:

"The Japanese on July 25 sent a summons to the fortress to surrender and served notice of their intention to storm."

"On the following morning at 6:30 they concentrated the fire of 120 guns on Green hills. Many of their shells were filled with melinite, which gave off noxious gases. Their land guns were supplemented by the fire of the fleet and the Japanese infantry moved forward to attack the right wing of the Green hills position."

"There was a perfect cloud of shells, and the bombardment was the heaviest so far during the siege. During the day the Japanese artillery sent in from 25,000 to 30,000 rounds."

"The attack failed utterly, despite the bombardments. The Japanese were never able to reach our positions, to which our men clung tenaciously. Finally the attackers were rolled back with terrific loss."

"The decision to abandon the Wolf hills position in view of the attack and that on other positions of the line was made on July 30 and the troops fell back on Port Arthur."

"The Novo Krai, in the interest of both sides, raised the question of an armistice to bury the dead who were left on the field in enormous numbers."

#### INTERESTING TO ENGLISHMEN.

Naval Battle Removed a Rival to British Cruisers.

London, Aug. 15.—Russia's latest naval disaster has a peculiar interest to Englishmen, as it was apprehension caused by the enormous power of the cruisers Rurik and Rossia, two of the vessels which composed the Vladivostok squadron, which led the British government to build the monster cruisers Terrible and Powerful. The naval battles are discussed here with the greatest interest. The latest details showing that the fighting between Vice Admiral Togo's fleet and the Port Arthur fleet began at a distance of about four miles are held to prove the necessity for the possession of big ironclads. The fleets appear never to have approached each other closer than a distance of 3,800 yards.

The Tokio correspondent of the Daily Telegraph sends a report that Port Arthur was again bottled up on the night of Aug. 11, but there is nothing from other sources to confirm this report.

According to the Daily Mail's Shanghai correspondent the Japanese consul claims the cruiser Askold as a prize.

The Chefoo correspondent of the Daily Mail, under date of Aug. 13, says:

"Three Russian torpedo boat destroyers left Tsingchou last night and returned there this morning, thus evading the twenty-four hour limit. Viceroy Yuan Shai Kai refuses to accept the resignation of Admiral Sah over the Ryeshitelni affair."

#### WILL RETURN RUSSIAN BOAT.

Japs Will Turn Over the Ryeshitelni to the Chinese.

London, Aug. 15.—The Chefoo correspondent of the Daily Telegraph, under date of Aug. 13, says:

"Admiral Sah states that the Japanese promised to return the Ryeshitelni today."

#### Alexieff Going to Vladivostok.

St. Petersburg, Aug. 15.—A dispatch from Harbin says that Viceroy Alexieff has passed through that place on his way to Vladivostok.

#### GRAND ARMY ENCAMPMENT.

Expected That the One at Boston Will Be the Largest in Years.

Boston, Aug. 15.—The national encampment of the G. A. R., with its several affiliated bodies, will open in this city today and is expected to be one of the largest in recent years.

The arrangements for the week were completed Sunday night. The city is extensively and handsomely decorated in honor of the occasion and the Boston Common and public gardens bear electrical illuminations of unusual brilliancy.

Commander-in-Chief Black, accompanied from Washington by members of his family, arrived at encampment headquarters at 4 p. m. Sunday and was given a rousing reception. In connection with the meeting of the Grand Army, there will be held the annual gatherings of the National Woman's Relief corps, the National Daughters of Veterans, the National Sons of Veterans, the National Ladies' Aid society, auxiliary to the Sons of Veterans; the National Ladies of the G. A. R.; the National Army Nurses' association; the National Association of Naval Veterans, and the National Association of Ex-Prisoners of War.

The meetings and reunions of these various organizations will continue until Saturday. The feature of the week will be the parade of Grand Army men on Tuesday, when it is expected that from 20,000 to 40,000 veterans will be in line.

#### JUDGE PARKER TAKES A REST.

Democratic Candidate Goes to a Club-house in the Catskills.

Winnisook Lodge, Ulster County, N. Y., Aug. 15.—Judge Alton B. Parker, the Democratic nominee for president, is spending the night at the Winnisook club, 2,700 feet above sea level, at the foot of Slide mountain, which is the highest point in the Catskills. Winnisook lodge is nine miles from the nearest telegraphic line and twelve miles from the nearest telephone and is reached by a steep mountain road.

The Winnisook club was organized about twenty years ago for purposes of hunting, fishing and social recreation and Judge Parker was its first president. The candidate is here for rest and no politics is connected with his visit. The people of the county gave him a rousing reception when he arrived.

### CONFERENCE IN SIGHT

PACKERS AND STRIKERS MAY GET TOGETHER IN EFFORT TO END TROUBLE.

Chicago, Aug. 15.—On the outcome of a conference which may be held today, the present chances of a settlement of the stockyards strike depends. The nature of this reported conference is very indefinite. It is asserted positively by some of the labor leaders that a conference with the packers will be held, but the packers will not affirm or deny that such is the case.

Saturday night it was reported that a proposition had been made to J. Ogden Armour just as he was leaving the city for Boston, and he suggested that it be submitted to the other packers. This, it is claimed, has been done by the labor leaders and the conference will be held Monday.

At a meeting of the market wagon drivers held Sunday it was decided to declare a boycott against such retail dealers as buy meat of the packers where men are now out.

There was very little rioting in the yards Sunday.

Dr. Perrin's Pile Specific is sold under an Absolute Guarantee

to cure any case of blind, bleeding, itching or internal piles, no matter how chronic or aggravated it may be. Out of over 100,000 cases there are only three on record where a positive cure has not been made. WHO IS DOING THIS?

R. C. Dunn, the republican candidate for governor of Minnesota has added another plank to the platform of the party. He has declared that if elected, he will do everything in his power to have the gross earnings tax of railroads in the state increased to four per cent. A plank of this kind was left out of the platform by mistake as was found out by Mr. Dunn himself. He therefore declared his position on the matter. Probably the Collins weepers and dem. howlers will say that Jim Hill is doing this.—Akely Republican.

HAS BEEN PARTICULARLY SUCCESSFUL.

Congressman Buckman of the sixth district will be opposed this year by Col. Foster of Litchfield, who ran him such a close race two years ago for the republican nomination, but those who have been keeping in close touch with the situation consider that the sixth district congressman will be re-nominated. Congressman Buckman has been very active during his first term and has been particularly successful in securing rural free delivery of mail in the dozen counties of his district for the farmers, and in securing pensions and increases for many worthy veterans of the war. It is expected his record will bring a great deal of support to him this

year that he did not have two years ago.—Aitkin Republican.

HIS RECORD HIS KNOWN.

John T. Frater, of Brainerd, has filed as a republican candidate for the senate, to fill out the unexpired term of Senator A. F. Ferris, deceased. His district comprises the counties of Crow Wing and Morrison. Mr. Frater will probably be elected with very little trouble. He is thoroughly well qualified for the place being an honest and capable man. As a senator he will be able to render his district and the state at large valuable service. We are always glad when men like John Frater consent to serve in legislative positions.—Wadena Journal Press.

RUSSIAN DIES OF HIS WOUNDS.

Admiral Witthoff's Chief of Staff Succumbs to Injuries.

Chefoo, Aug. 15.—Captain Matouzevitch, the late Rear Admiral Witthoff's chief of staff, who was wounded during the Japanese attack on the battleship Czarevitch, has died of his wounds. Only one Russian torpedo boat remains at Tsingchow with the Czarevitch.

The Japanese demanded the departure of the Czarevitch, but the governor of Tsinghou replied that the vessel would remain but would be dismantled.

The Japanese consul has ordered all steamers bound for Japanese ports to postpone their departure.

On the night of Aug. 13 two Japanese torpedo boats, without lights, entered Chefoo harbor and inspected the shipping. They then joined two other torpedo boats and a cruiser standing outside the harbor and all put to sea. The steamer Goelle has sighted the Russian cruiser North between Shanghai and Nagasaki proceeding south.

Mistaken Identity.

The wearied flat hunter pushed long and persistently at the button labeled "Janitor." The house bore a sign stating that there were apartments to rent. The janitor was evidently absent from his post of duty, as there was no response to her repeated ringing.

Disheartened, the seeker for a home was about to turn away when the door was opened from the inside and a bright faced boy of about seven years was disclosed. He looked wonderingly at the visitor, who asked: "What kind of an apartment is there for rent here?"

A look of mingled disgust and scorn slowly overspread the youngster's face. He surveyed the questioner from head to foot and finally said with an agrieved air:

"Say, I ain't the janitor."—New York Press.

### AITKIN DRUBBED ON OWN GROUNDS

Game Yesterday Resulted in a Victory for Brainerd by the Score of 9 to 1

### "JIM" BOYLE IN GREAT FORM

Let Aitkin Down With Four Dinky Singles—Team Work Was Fine.

Worse was and more of it! Aitkin played another game with Brainerd yesterday on the Aitkin grounds, and in view of the fact that they had hired an outside pitcher who had given it out that he could deliver the goods, it was thought that they could at least make a decent showing against the Brainerd team, but there was nothing doing from that source and it was very obvious that one of their men got to first base. The final score, after the Aitkins had nearly fendered themselves trying to do something to start the fireworks, was 9 to 1 in favor of Brainerd.

Aitkin had strengthened up for the occasion by engaging Pitcher Hart to do the slab work. He has some of the things that a good pitcher like "Jim" Boyle has, but not everything and that is where he fell down. The home boys clouted him to the woods for nine safe ones, three of which were made in the first inning, netting four scores. He had some good shots and struck out several men during the game but the Brainerd boys seemed to hit always in the right time and the stick work was very effective.

The umpire, whoever he was and whether he came from, was the same old, and the remark made by someone in the grand stand was about true, "Aitkin has only two good players, the first baseman and the umpire."

The Brainerd contingent had some money to bet but so far as known not an even bet was secured. There was one bet of \$7 to \$1 on Brainerd which one lone Aitkin sport dared to venture on the game. About 100 fans went up from here.

"Jim" Boyle was on the rubber for the locals and he pitched a magnificent game, letting the Aitkins down with but four dinky little ones that did not net them much. He was as steady as could be and had the opposition at his mercy.

A bright particular star in yesterday's game was Pat Boyle. Besides playing a brilliant game at third he was there with the stick like a major, drawing three hits, one a two bagger and another a three bagger. His base running was also a feature of the game.

Boyle struck out 8 men and Hart 7 during the game and they were about evenly divided in the matter of free transportation to first.

The following is the summary of the game:

### RAILROAD GOSSIP

It is understood that many new men are being taken on at the shops on the machine side. The hours were increased to nine per day a short time ago but they are back again on the 8 hour schedule.

Frank V. Weisenburger, of St. Paul who has been in the city for a couple of days, went out from Brainerd today in the interest of the timber agent's department of the Northern Pacific, looking after the tie supply. They are now getting ties together for the new track being built between Dower Lake and Wadena. Mr. Weisenburger states that the report that men are scarce is unfounded. Of course they could use a few more men, but they have no trouble in getting them from Duluth.

T. J. Tyler, road master of the Northern Pacific on the Superior division, returned last night from a trip over the line to Duluth.

The Northern Pacific has been experimenting with the telephone for several years on the Pacific coast, a private circuit system having been in operation between Seattle and Tacoma more than two years. On Jan. 1, 1903, a single track signal system between Auburn and Ellensburg was installed and telephones used in connection with it. The practicability of the telephone in handling of railway traffic is now considered thoroughly established. The Tacoma-Seattle line is what is known as a composite system, which enables the telegraph operator to work on the line while another person is talking over the same wire.

It is reported that Wendell Baker, the general manager of the American Telegraph and Telephone company of New York, who is now a tour through the Yellowstone Park and the West over the Northern Pacific line is looking over the line for the purpose of planning a telephone system for the road. It is expected that when Mr. Baker returns from the coast he will confer with the officials of the road and that contracts will soon be let for the installation of the new system.

## WOULD RAISE LAKE WATERS

Old Project of Raising Water in Gull and Other Lakes Re-lived Again

REJECTED ONCE BY CONGRESS

Water in the Lakes at this Time Lowest in the History of Old Residents.

It is understood that interest has been revived in a project which found root in this vicinity some ten years ago which had to do with raising the waters in Gull and other lakes in the waters, which, it is thought, was a move in the interest of the lumbermen in their logging operations.

The water in all the lakes at present is very low and the scheme on foot is to have congress do something to keep the lakes up so they will be navigable from one to another, and the same project which came before congress years ago is now being seriously considered only on a smaller scale.

About ten years ago two surveys were taken, the cost coming out of an appropriation made by congress for the same, one survey being for a 6 foot raise and the other for an 8 foot raise which would effect the following bodies of water: Gull, Round, Long, Gladstone, Upper Gull, Wilson, Upper Fish Trap, Lower Fish Trap, Edney, Gilpatrick and Sylvan lakes.

The idea in the first place was to cut a canal from the Crow Wing river to a Sylvan lake and then build a dam across the Crow Wing, thus turning the water from the Crow Wing into the canal for the purpose of raising the lakes.

The projectors of this scheme secured an appropriation from congress of \$80,000, and this was but a beginning of a gigantic scheme which was on foot to put in throughout northern Minnesota a complete system of dams and canals so that the waters in the lakes and rivers could be controlled and manipulated to the convenience and profit of the lumbermen. The total cost of this project at that time was figured out at a million and a half dollars.

People along the proposed route commenced to get scared and a signed protest was sent Congressman Morris. A commission was then appointed by congress, of which Senator Knute Nelson was chairman, to come up here and look into the feasibility of the matter. They came up and when they got back made an unfavorable report and the matter was dropped. The appropriation of \$80,000 was turned into the war department.

F. G. Lynch, of St. Paul, is interested in some property in the vicinity of Gull lake and he has interested himself in the matter and, it is understood, has seen his own representative in congress, Congressman Stevens, and that something will be done at the coming session.

The lakes referred to at the present time are very low and it is proposed to preserve them so they may be navigable from one to the other by connecting them with canals and reservoirs.

It is understood that such a scheme is also prompted from the fact that a large number of undesirable people have settled on the land which was condemned for the purpose years ago. Not all of these people are in this category but there is a gang which, it is understood, rule with a high hand. They do not till the soil and, it is claimed, fish and hunt to suit their own convenience, in many instances defying the law.

### MUST BELIEVE IT

When Well Known Brainerd People Tell it so Plainly.

When public endorsement is made by a representative citizen of Brainerd the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. M. G. Blake, of West Brainerd, says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very low the kidney secretions became healthy in color, all deposit was removed and the soreness and pain were replaced by a perfectly comfortable feeling."

## HAS FINISHED FLUMING

Word from C. A. Jamieson that Work has Progressed Rapidly at the Big Jewel Mine

The following letter was received today by James Cullen from C. A. Jamieson, of the Big Jewel Mine:

"Friend Jim:—  
Will drop you a few lines to tell you that I have finished the fluming, and let the men all go but four, besides Percy and myself. It will take about four days to put the strips on and clean out the ditch at this end. I can be ready any time now for the water but I don't expect to do any mining before Oct. 1. It will take me that month with four men and will perhaps have a little to do the month following. Will write again next Sunday.  
Yours respectfully,  
C. A. JAMIESON."

## MUSIC AND DRAMA.

"A TEXAS STEER."

It is almost unnecessary to tell at this time after fourteen successful seasons, of the admirable humor and clever satire which characterizes "A Texas Steer" which appears at the Brainerd opera house tonight. As a satire upon methods common at the nation's capital, it is unequalled by any production ever presented in this country. It is farcical, but seldom goes beyond the limits of realism. There is scarcely a line or situation which cannot be ac-

cepted as a truism, or which may not be taken as a lesson well worth heeding. "A Texas Steer" is decidedly the best work of its talented author, a writer, who for years was recognized as the ablest in his line of work.

The cast which now presents this comedy is even better than the admirable organization presenting it a season since. There have been few changes, but improvements have been made in the minor roles.

"SWEET CLOVER."

There is no denying the fact that the beautiful scenic production of "Sweet Clover" was one of the artistic and substantial successes of last season, and that return dates, were requested in every city visited, leads one to believe that this is one of those good wholesome plays which will live for years and endear themselves to the public by repetition wherever possible return dates were arranged and it is extremely gratifying to record that the attendance and receipts were increased in every instance. The public is not slow to appreciate a meritorious theatrical attraction, and are always willing to bestow their patronage upon one which has been proven worthy of it, nor are they clamoring for noisy or risqué plays, as some managers appear to think, for the enthusiasm which greets the return of "Sweet Clover" in every city proves beyond a doubt that pure, sweet and wholesome plays, when presented with a capable cast, are always appreciated.

At the Brainerd opera house Aug. 22, quickens the blood, rounds the form, lifts the brain and body from weakness to power. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets. H. P. Dunn & Co.

### RAILROAD GOSSIP

It is understood that many new men are being taken on at the shops on the machine side. The hours were increased to nine per day a short time ago but they are back again on the 8 hour schedule.

Frank V. Weisenburger, of St. Paul who has been in the city for a couple of days, went out from Brainerd today in the interest of the timber agent's department of the Northern Pacific, looking after the tie supply. They are now getting ties together for the new track being built between Dower Lake and Wadena. Mr. Weisenburger states that the report that men are scarce is unfounded. Of course they could use a few more men, but they have no trouble in getting them from Duluth.

T. J. Tyler, road master of the Northern Pacific on the Superior division, returned last night from a trip over the line to Duluth.

The Northern Pacific has been experimenting with the telephone for several years on the Pacific coast, a private circuit system having been in operation between Seattle and Tacoma more than two years. On Jan. 1, 1903, a single track signal system between Auburn and Ellensburg was installed and telephones used in connection with it. The practicability of the telephone in handling of railway traffic is now considered thoroughly established. The Tacoma-Seattle line is what is known as a composite system, which enables the telegraph operator to work on the line while another person is talking over the same wire.

It is reported that Wendell Baker, the general manager of the American Telegraph and Telephone company of New York, who is now a tour through the Yellowstone Park and the West over the Northern Pacific line is looking over the line for the purpose of planning a telephone system for the road. It is expected that when Mr. Baker returns from the coast he will confer with the officials of the road and that contracts will soon be let for the installation of the new system.

## WOULD RAISE LAKE WATERS

Old Project of Raising Water in Gull and Other Lakes Revived Again

REJECTED ONCE BY CONGRESS

Water in the Lakes at this Time Lowest in the History of Old Residents.

It is understood that interest has been revived in a project which found root in this vicinity some ten years ago which had to do with raising the waters in Gull and other lakes in this vicinity, which, it is thought, was a move in the interest of the lumbermen in their logging operations.

The water in all the lakes at present is very low and the scheme on foot is to have congress do something to keep the lakes up so they will be navigable from one to another, and the same project which came before congress years ago is now being seriously considered only on a smaller scale.

About ten years ago two surveys were taken, the cost coming out of an appropriation made by congress for the same, one survey being for a 6 foot raise and the other for an 8 foot raise which would effect the following bodies of water: Gull, Round, Long, Gladstone, Upper Gull, Wilson, Upper Fish Trap, Lower Fish Trap, Edney, Gilpatrick and Sylvan lakes.

The idea in the first place was to cut a canal from the Crow Wing river to Sylvan lake and then build a dam across the Crow Wing, thus turning the water from the Crow Wing into the canal for the purpose of raising the lakes.

The projectors of this scheme secured an appropriation from congress of \$80,000, and this was but a beginning of a gigantic scheme which was on foot to put in throughout northern Minnesota a complete system of dams and canals so that the waters in the lakes and rivers could be controlled and manipulated to the convenience and profit of the lumbermen. The total cost of this project at that time was figured out at a million and a half dollars.

People along the proposed route commenced to get scared and a signed protest was sent Congressman Morris. A commission was then appointed by congress, of which Senator Knute Nelson was chairman, to come up here and look into the feasibility of the matter. They came up and when they got back made an unfavorable report and the matter was dropped. The appropriation of \$80,000 was turned into the war department.

F. G. Lynch, of St. Paul, is interested in some property in the vicinity of Gull lake and he has interested himself in the matter and, it is understood, has seen his own representative in congress, Congressman Stevens, and that something will be done at the coming session.

The lakes referred to at the present time are very low and it is proposed to preserve them so they may be navigable from one to the other by connecting them with canals and reservoirs.

It is understood that such a scheme is also prompted from the fact that a large number of undesirable people have settled on the land which was condemned for the purpose years ago. Not all of these people are in this category but there is a gang which, it is understood, rule with a high hand. They do not till the soil and, it is claimed, fish and hunt to suit their own convenience, in many instances defying the law.

### MUST BELIEVE IT

When Well Known Brainerd People Tell it so Plainly.

When public endorsement is made by a representative citizen of Brainerd the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. M. G. Blake, of West Brainerd, says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed and the soreness and pain were replaced by a perfectly comfortable feeling."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

## HAS FINISHED FLUMING

Word from C. A. Jamieson that Work has Progressed Rapidly at the Big Jewel Mine

The following letter was received to day by James Cullen from C. A. Jamieson, of the Big Jewel Mine:

"Friend Jim:— Will drop you a few lines to tell you that I have finished the fluming, and let the men all go but four, besides Percy and myself. It will take about four days to put the strips on and clean out the ditch at this end. I can be ready any time now for the water but I don't expect to do any mining before Oct. 1. It will take me that month with four men and will perhaps have a little to do the month following. Will write again next Sunday.

Yours respectfully,  
C. A. JAMIESON."

## MUSIC AND DRAMA.

### "A TEXAS STEER."

It is almost unnecessary to tell at this time after fourteen successful seasons, of the admirable humor and clever satire which characterizes "A Texas Steer" which appears at the Brainerd opera house tonight. As a satire upon methods common at the nation's capital, it is unequalled by any production ever presented in this country. It is farcical, but seldom goes beyond the limits of realism. There is scarcely a line or situation which cannot be ac-

cepted as a truism, or which may not be taken as a lesson well worth heeding. "A Texas Steer" is decidedly the best work of its talented author, a writer, who for years was recognized as the ablest in his line of work.

The cast which now presents this comedy is even better than the admirable organization presenting it a season since. There have been few changes, but improvements have been made in the minor roles.

### "SWEET CLOVER."

There is no denying the fact that the beautiful scenic production of "Sweet Clover" was one of the artistic and substantial successes of last season, and that return dates, were requested in every city visited, leads one to believe that this is one of those good wholesome plays which will live for years and endear themselves to the public by repetition wherever possible return dates were arranged and it is extremely gratifying to record that the attendance and receipts were increased in every instance. The public is not slow to appreciate a meritorious theatrical attraction, and are always willing to bestow their patronage upon one which has been proven worthy of it, nor are they clamoring for noisy or risqué plays, as some managers appear to think, for the enthusiasm which greets the return of "Sweet Clover" in every city proves beyond a doubt that pure, sweet and wholesome plays, when presented with a capable cast, are always appreciated.

## AFTER A LONG DELAY

TURKEY AT LAST YIELDS AND ACCEDES TO DEMANDS OF THE UNITED STATES.

WARSHIPS TO LEAVE SMYRNA

ADMIRAL JEWELL'S SQUADRON NO LONGER NEEDED AT THE TURKISH PORT.

Constantinople, Aug. 15.—After prolonged parleys and considerable haggling on the part of the Turks, a satisfactory solution of the American school question has been arrived at. This matter, which is the most important of the American demands, was settled by extending to American schools the same treatment as that accorded to schools under the protection of other powers.

A settlement of other matters affecting American interests in Turkey, of secondary importance, has also been effected and Minister Leishman has telegraphed to Rear Admiral Jewell, in command of the United States squadron sent to Smyrna, instructing him to salute the batteries on land and depart.

The sitting of the council of ministers at which the settlement was agreed upon was a long one and it was not until near its close that an agreement was reached. The delay in the settlement is believed to have been caused by the intervention of the palace functionaries, whose policy, in order to retain the sultan's favor, consists of combatting the rights and privileges of foreign subjects.

Washington, Aug. 15.—The department of state says that for many years the treatment of educational establishments in the Ottoman empire founded and conducted by American citizens has been very unsatisfactory. While similar schools under the direction of other foreigners have been recognized as existing and have been accorded the regular license or imperial firman upon application therefor, applications on behalf of the schools under American control have passed unnoticed. Temporary permits obtained from the local authorities have been hedged in with restrictions and have not infrequently been ignored by the Turkish government. Difficulties and obstructions have constantly been put in the way of the American teachers, in marked contrast to the favors shown the schools of other nationalities and in contravention of the rights of American citizens in Turkey to the most favored treatment accorded to the citizens or subjects of other states.

Turkey having at last granted all the requests of the United States government, the American fleet will leave Smyrna. Minister Leishman was ordered to leave Turkey unless the sultan's reply were favorable.

Mrs. Maybrick's mother, the Baroness de Roque, intends to follow her daughter shortly.

### TRIES TO KILL HIS WIFE.

Pennsylvania Teamster Has a Narrow Escape From Lynchers.

Beaver Falls, Pa., Aug. 15.—George Cox, a teamster, went to his wife's home at Eastvale Sunday, set fire to the house and cut her throat with a razor. When the police arrived on the scene, Cox was tied with a clothesline. The excited neighbors also had a rope around his neck, and all that prevented a lynching was the fire at the Cox home. This was put out with some difficulty and some time was consumed. During the excitement Cox's twelve-year-old son shot at him with a shotgun but missed. Mrs. Cox is fatally injured.

### PASSENGER TRAIN WRECKED.

One Man Killed and About Forty Other Persons Injured.

Nashville, Tenn., Aug. 15.—One man was killed and about forty other persons injured in a passenger wreck on the Tennessee Central railroad, seventy miles east of here, Sunday. West-bound passenger train No. 2 from Knoxville to Nashville was making the descent of Silver Point hill between Buffalo Valley and Silver Point when a flange of a wheel on a truck of the rear car broke, derailing the two last coaches. One of them turned completely over and both were badly wrecked. The dead man was W. S. Funnell of Knoxville.

## REPUBLICAN CAMPAIGN BOOK.

Main Points in the One About to Be Issued.

Washington, Aug. 15.—Tariff, prosperity, labor wages and prices, trusts, the Panama canal, Cuba and Cuban reciprocity, expansion and its results, the investigations of the postal and land frauds and punishments of offenders, rural free delivery, irrigation, the record of the Republican party, and the record of Theodore Roosevelt are the leading subjects discussed by the Republican campaign text book of 1904, which is just about to be issued.

The following is a synopsis of the book prepared by the Republican campaign committee:

"The four great facts," it says, "which justified the Republican party in asking the support of the public in 1900 were: First, that its pledges of 1896 had been redeemed; second, that prosperity had come as a result; third, that developments since 1896 had shown the fallacy of the principles upon which the democracy then appealed for public support; and fourth, the conditions which had come to other parts of the world and their people as a result of promises fulfilled by the Republican party in the United States. These assertions have been fully justified by the experiences of another four years. The pledges of 1896 and those made in 1900 have been redeemed."

### TAGGART MEANS BUSINESS.

Orders Subordinates to Report for Duty at an Early Hour.

New York, Aug. 15.—Chairman Taggart will soon open the headquarters of the national democratic committee today at No. 1, West Thirty-fourth street. Va., to attend the notification ceremonies on Wednesday, of the vice presidential candidate, Henry G. Davis. Mr. Taggart will return to New York Thursday evening. That the national chairman means business is indicated by his instructions to the employees of the committee.

"Report for duty Monday morning at 7 o'clock," he said, "and when they smiled, added: 'Its seven; and that does not mean nine.'"

### Fire Fatal to Two Men.

## A BOOK FIELD WANTED.

The Poet Had a Long Search, but It Finally Turned Up.

Eugene Field was a book collector, and one of his favorite jokes, according to the Philadelphia Post, was to enter a bookshop where he was not known and ask in the solemnest manner for an expurgated edition of Mrs. Hemans' poems. One day in Milwaukee he was walking along the street with his friend, George Yenowine, when the latter halted in front of a bookshop and said, "Gene, the pro-

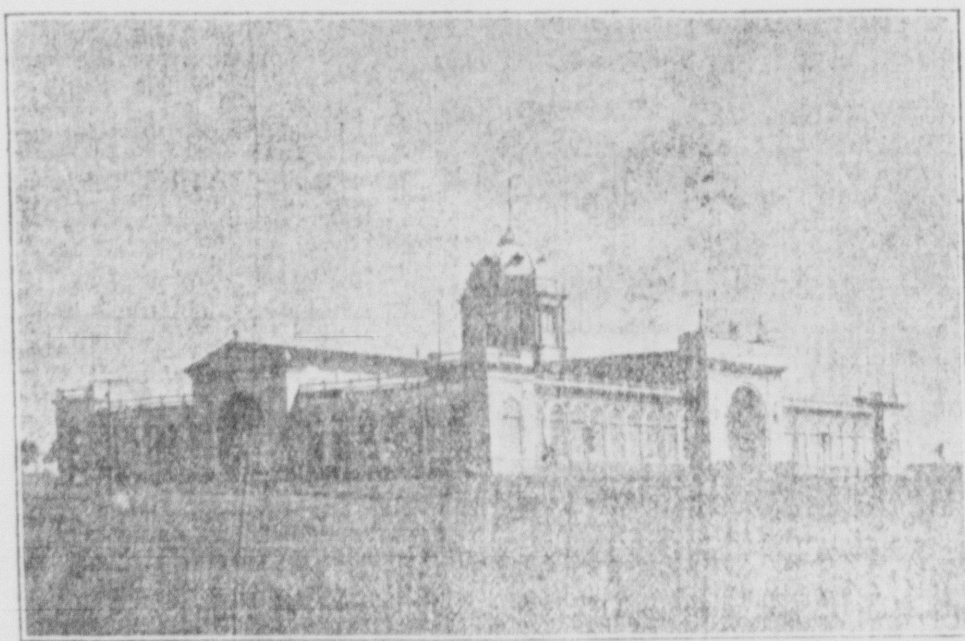

prietor of this place is the most serious man I ever knew. He never saw a joke in his life. Wouldn't it be a good chance to try again for that expurgated Mrs. Hemans?" Without a word Field entered, asked for the proprietor, and then made the usual request. "That is a rather scarce book," came the reply. "Are you prepared to pay a fair price for it?" For just a second Field was taken aback. Then he said, "Certainly, certainly. I—I know it's rare." The man stepped to a case, took out a cheaply bound volume and handed it to Field, saying, "The price is \$5." Field took it nervously, opened to the

title page and read in correct print. "The Poems of Mrs. Felicia Hemans. Selected and Arranged With All Objectional Passages Excised by George Yenowine, Editor of 'Isaac Watts For the Home,' 'The Fireside Hannah More,' etc." with the usual publisher's name and date at the bottom. Field glanced up at the bookseller. He stood there the very picture of sad solemnity. "I'll take it," said Field faintly, producing the money. Outside Yenowine was missing. At his office the boy said that he had just left, saying that he was going to Standing Rock, Dakota, to keep an appointment with Sitting Bull.

## AFTER A LONG DELAY

TURKEY AT LAST YIELDS AND ACCEDES TO DEMANDS OF THE UNITED STATES.

WARSHIPS TO LEAVE SMYRNA

ADMIRAL JEWELL'S SQUADRON NO LONGER NEEDED AT THE TURKISH PORT.

Constantinople, Aug. 15.—After prolonged pour parlers and considerable haggling on the part of the Turks, a satisfactory solution of the American school question has been arrived at. This matter, which is the most important of the American demands, was settled by extending to American schools the same treatment as that accorded to schools under the protection of other powers.

A settlement of other matters affecting American interests in Turkey, of secondary importance, has also been effected and Minister Leishman has telegraphed to Rear Admiral Jewell, in command of the United States squadron sent to Smyrna, instructing him to salute the batteries on land and depart.

The sitting of the council of ministers at which the settlement was agreed upon was a long one and it was not until near its close that an agreement was reached. The delay in the settlement is believed to have been caused by the intervention of the palace functionaries, whose policy, in order to retain the sultan's favor, consists of combating the rights and privileges of foreign subjects.

Washington, Aug. 15.—The department of state says that for many years the treatment of educational establishments in the Ottoman empire founded and conducted by American citizens has been very unsatisfactory. While similar schools under the direction of other foreigners have been recognized as existing and have been accorded the regular license or imperial firman upon application therefor, applications on behalf of the schools under American control have passed unnoticed. Temporary permits obtained from the local authorities have been hedged in with restrictions and have not infrequently been ignored by the Turkish government. Difficulties and obstructions have constantly been put in the way of the American teachers, in marked contrast to the favors shown the schools of other nationalities and in contravention of the rights of American citizens in Turkey to the most favored treatment accorded to the citizens or subjects of other states.

Turkey having at last granted all the requests of the United States government, the American fleet will leave Smyrna. Minister Leishman was ordered to leave Turkey unless the sultan's reply were favorable.

Mrs. Maybrick's mother, the Baroness de Roque, intends to follow her daughter shortly.

TRIES TO KILL HIS WIFE.

Pennsylvania Teamster Has a Narrow Escape From Lynchers.

Beaver Falls, Pa., Aug. 15.—George Cox, a teamster, went to his wife's home at Eastvale Sunday, set fire to the house and cut her throat with a razor. When the police arrived on the scene, Cox was tied with a clothesline. The excited neighbors also had a rope around his neck, and all that prevented a lynching was the fire at the Cox home. This was put out with some difficulty and some time was consumed. During the excitement Cox's twelve-year-old son shot at him with a shotgun but missed. Mrs. Cox is fatally injured.

PASSENGER TRAIN WRECKED.

One Man Killed and About Forty Other Persons Injured.

Nashville, Tenn., Aug. 15.—One man was killed and about forty other persons injured in a passenger wreck on the Tennessee Central railroad, seventy miles east of here, Sunday. West-bound passenger train No. 2 from Knoxville to Nashville was making the descent of Silver Point hill between Buffalo Valley and Silver Point when a flange of a wheel on a truck of the rear car broke, derailing the two last coaches. One of them turned completely over and both were badly wrecked. The dead man was W. S. Funnell of Knoxville.

TWENTY PERSONS DROWNED.

British Bark Inverkip Sunk in a Collision.

London, Aug. 15.—The British bark Inverkip, Captain Jones, from Melbourne for Queenstown, was sunk and twenty persons were drowned as the result of a collision off Fastnet Rock, Ireland, Saturday night with the British ship Loch Carron, Captain Clark, from the Clyde.

Valuable Horses Perish.

Lexington, Ky., Aug. 15.—Twenty horses perished in a fire at the trotting track Sunday. It is estimated that the loss is \$100,000. Most of the horses that perished were fancy saddle and harness and matinee horses.

## REPUBLICAN CAMPAIGN BOOK.

Main Points in the One About to Be Issued.

Washington, Aug. 15.—Tariff, prosperity, labor wages and prices, trusts, the Panama canal, Cuba and Cuban reciprocity, expansion and its results, the investigations of the postal and land frauds and punishments of offenders, rural free delivery, irrigation, the record of the Republican party, and the record of Theodore Roosevelt are the leading subjects discussed by the Republican campaign text book of 1904, which is just about to be issued.

The following is a synopsis of the book prepared by the Republican campaign committee:

"The four great facts," it says, "which justified the Republican party in asking the support of the public in 1902 were: First, that its pledges of 1897 had been redeemed; second, that prosperity had come as a result; third, that developments since 1896 had shown the fallacy of the principles upon which the Democracy then appealed for public support; and fourth, the conditions which had come to other parts of the world and their people as a result of promises fulfilled by the Republican party in the United States. These assertions made in the text book of 1900 have been fully justified by the added experiences of another four years. The pledges of 1896 and those made in 1900 have been redeemed."

TAGGART MEANS BUSINESS.

Orders Subordinates to Report for Duty at an Early Hour.

New York, Aug. 15.—Chairman Taggart will soon open the headquarters of the national Democratic committee today at No. 1, West Thirty-fourth street. He will devote two days to organization work and on Tuesday evening will leave for White Sulphur Springs, W. Va., to attend the notification ceremonies on Wednesday, of the vice presidential candidate, Henry G. Davis. Mr. Taggart will return to New York Thursday evening. That the national chairman means business is indicated by his instructions to the employees of the committee.

"Report for duty Monday morning at 7 o'clock," he said, "and when they smiled, added: 'Its seven; and that does not mean nine.'"

Fire Fatal to Two Men.

Saratoga, N. Y., Aug. 15.—Michael D. Callaghan, aged fifty-three, a former race horse trainer, and Thomas Egan, aged twenty, a racing stable attaché, were burned to death early Sunday by an explosion of gasoline, which caused a fire in a house near the racing park.

## A BOOK FIELD WANTED.

The Poet Had a Long Search, but It Finally Turned Up.

Eugene Field was a book collector, and one of his favorite jokes, according to the Philadelphia Post, was to enter a bookshop where he was not known and ask in the solemnest manner for an expurgated edition of Mrs. Hemans' poems. One day in Milwaukee he was walking along the street with his friend, George Yenowine, when the latter halted in front of a bookshop and said, "Gene, the pro-

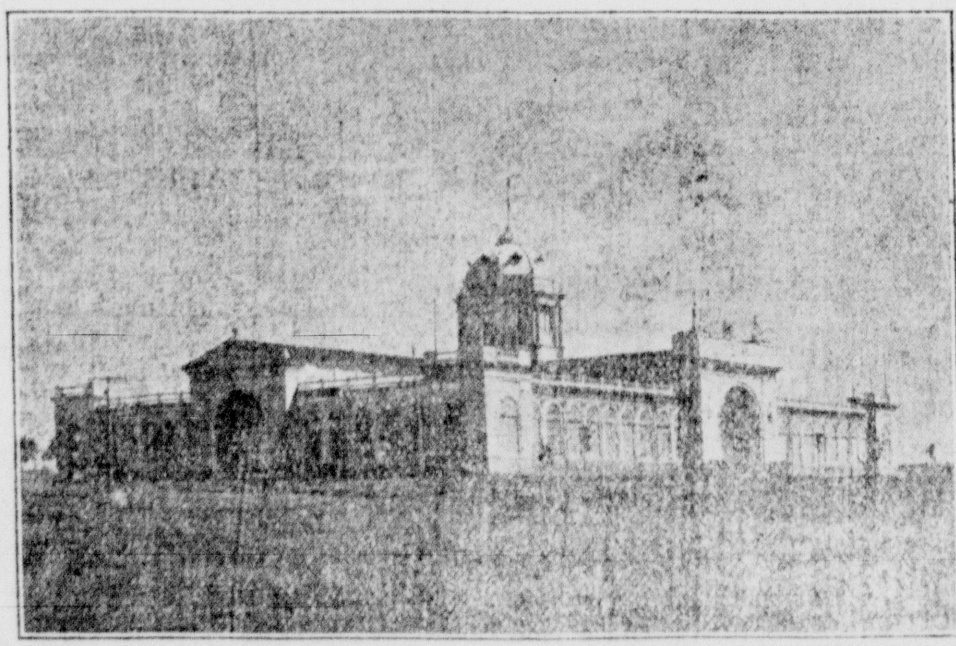

prietor of this place is the most serious man I ever knew. He never saw a joke in his life. Wouldn't it be a good chance to try again for that expurgated Mrs. Hemans?" Without a word Field entered, asked for the proprietor, and then made the usual request. "That is a rather scarce book," came the reply. "Are you prepared to pay a fair price for it?" For just a second Field was taken aback. Then he said, "Certainly, certainly. I—I know it's rare." The man stepped to a case, took out a cheaply bound volume and handed it to Field, saying, "The price is \$5." Field took it nervously, opened to the

title page and read in correct print, "The Poems of Mrs. Felicia Hemans. Selected and Arranged With All Objectional Passages Excised by George Yenowine, Editor of 'Isaac Watts for the Home,' 'The Fireside Hannah More,' etc.," with the usual publisher's name and date at the bottom. Field glanced up at the bookseller. He stood there the very picture of sad solemnity. "I'll take it," said Field faintly, producing the money. Outside Yenowine was missing. At his office the boy said that he had just left, saying that he was going to Standing Rock, Dakota, to keep an appointment with Sitting Bull.
